ZYNEX 2026 – General Guidelines

Presented By Google Developer Group On Campus (GDGOC) - CIT

Zynex 2026 Is A National-Level, High-Intensity Hackathon Designed To Bring Together Top Student Innovators Across Hardware And Software Domains. The Event Provides A Structured Platform For Participants To Transform Ideas Into Scalable, Real-World Solutions, Progressing From Concept To A Minimum Viable Product (MVP).

Event Overview & Timeline

Zynex Follows A Hybrid Format, Beginning With An Open Ideation Phase And Culminating In A 24/30-Hour Offline Finale.

- * **April 23:** Registrations Open
- * **May 12:** Round 1 Submission Deadline
- * **May 14:** Announcement Of Shortlisted Teams
- * **May 17, 8:00 PM IST:** Round 2 Problem Statements Released
- * **May 20:** Final Registration Deadline (Selected Teams)
- * **May 22–23:** Offline Grand Finale (24 Hours)

Participation Guidelines

- Teams Must Consist Of Members From The Same Institution (Inter-College Teams Are Not Permitted)
- Interdisciplinary Teams Are Encouraged
- Open To All Currently Enrolled UG Students In India.
- Only The Top 25 Teams From The Ideation Round Will Advance To The Offline Finale.

Domains

Participants Are Required To Select One Primary Domain:

Software Track

- Artificial Intelligence, Machine Learning & Neural Networks
- Application & Web Development
- Cybersecurity & Blockchain Operating Systems

Hardware Track

- Embedded Systems
- Robotics
- Drones
- VLSI Design

Competition Structure

The Offline Hackathon Is Structured Into Three Evaluation Phases To Ensure Continuous Progress And Industry-Relevant Assessment:

Round 1: Open Innovation Submission

Participants May Choose One Of The Following Pathways Based On Their Experience Level:

Category A — Existing Builders / Deployed Projects

Participants Who Have Already Built Projects Are Encouraged To Submit Their Best Deployed Solution.

Submission Requirements:

- * GitHub Repository Link
- * Fully Deployed / Runnable Project
- * Proper README & Documentation
- * Clear Setup & Execution Steps (Windows Compatible)
- * Optional PPT / Supporting Presentation

Projects From Any Domain And Any Tech Stack Are Accepted.

Category B — First-Time Hackathon Participants

Participants Who Are New To Hackathons May Submit:

- * A Strong Problem-Solving Idea Within Their Selected Domain
- * A Working Frontend-Backend Prototype/UI
- * Basic Functional Flow Demonstrating The Concept
- * Deployment Guidance Explaining How The Solution Can Be Hosted Or Scaled.

The Focus Of This Category Is:

- * Creativity
- * Problem Understanding
- * UI/UX Presentation
- * Feasibility
- * Technical Thinking

Round 2: Offline Grand Finale (24 Hours)

Shortlisted Teams From Round 1 Will Advance To Round 2.

Selected Teams Will Participate In The National-Level Offline Hackathon At Campus.

Official Domain-Specific Problem Statements Will Be Released On:

17th May 2026 , 8:00 PM IST

Evaluation Parameters:

- * Innovation & Novelty
- * Technical Complexity
- * UI/UX & User Experience
- * Scalability & Real-World Impact
- * Deployment & Execution
- * Presentation & Demonstration

Why Participate In Zynex?

- **Industry Mentorship:** Direct Guidance From Experienced Professionals And Domain Experts
- **Practical Exposure:** Opportunity To Solve Real-World Challenges In A Competitive Environment
- **Portfolio Development:** Build And Showcase Impactful, Project-Ready Solutions
- **Ecosystem Visibility:** Gain Recognition Within The Developer And Innovation Ecosystem
